GRP Piping & Vessels

Engineered Piping Products Ltd., have been supplying high quality piping products and state-of-the-art technical advise to the pharmaceutical industry for over 20 years

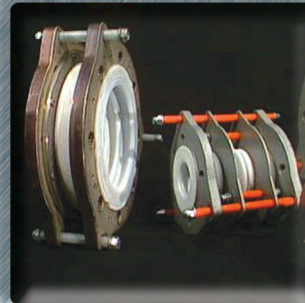

Our main objective is the smooth running of our client's plant. To that end, we can offer a full inspection service that can detect and rectify any problems in the piping system. Our team of troubleshooters ensure that a plant safety is never compromised, and that expensive delays are kept to an absolute minimum.
